

AGCHIMP™

COVERS UP TO 5,000 Sq. Ft.

5-0-20

w/ 2% Iron

DIRECTIONS FOR USE: This AgChimp 5-0-20 2% Iron fertilizer product is a professional grade turf fertilizer for use on Tall Fescue, Bermudagrass, Zoysiagrass, St Augustinegrass, Kentucky Bluegrass, Perennial Ryegrass and Centipedegrass lawns. For best results, apply to actively growing grass and water the product into the turf following application. **Do not** apply near water, storm drains or drainage ditches. **Do not** apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn/garden.

COVERAGE: This AgChimp 5-0-20 2% Iron fertilizer product is designed to be applied at an application rate of 3.20 Lbs/Product/1000 sq. ft. of lawn area. One 16 lb bag of 5-0-20 2% Iron fertilizer will cover approximately 5,000 sq. ft. at an application rate of 0.62 lbs/P/1000 sq. ft. (3.2 lbs/Product/1000 sq. ft.) Actual rates and timing of applications will vary with weather, soil and turf conditions.

Application Instructions

- Mow the lawn area to the desired mowing height and remove any leftover debris from the turf canopy. Debris left on the turf canopy may disrupt uniformity of the application. Uneven application of fertilizer may increase the potential for burn of the lawn grass and/or undesirable results.
- Open the contents of the package from the top
- Empty required contents from the bag into a broadcast fertilizer spreader. Position rate dial to the corresponding rate value from the spreader setting chart for your specific model of fertilizer broadcast spreader.
- Apply to lawn area in an even pattern ensuring to prevent or minimize overlap. Overlapping the application of this product may result in streaking and/or burning of the lawn grass.
- Using a power blower or broom, blow or sweep material from any non-lawn surfaces such as concrete, pavers, asphalt or tile. Particles contained within this product may stain non-lawn surfaces.
- Water the lawn area to activate the product. Utilize a lawn sprinkler or hose to irrigate the lawn.

CAUTION

KEEP OUT OF REACH OF CHILDREN
Read the entire label carefully before using this product.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.
If empty, nonrefillable container: Do not reuse or refill this container. Offer for recycling, if available.
If partially filled: Seal or tape open bag and store in a cool dry place out of reach from children and animals. Never place any unused product down any indoor or outdoor drain or toilet.

ENVIRONMENTAL HAZARDS
To protect the environment, do not allow this product to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather will help to ensure that wind does not blow this product off the treated area. Sweeping any product that lands on a driveway, sidewalk, or street back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Causes eye irritation. Avoid contact with eyes. Wash thoroughly with soap and water after handling. Prolonged or repeated skin contact with product may cause allergic reactions in some individuals.

See the Precautionary Statements, and Hazards to Humans and Domestic Animals for additional information.

PRECAUTIONARY STATEMENTS	
IF IN EYES	Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF SWALLOWED	Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED	Move person to fresh air. If person is not breathing, call 911 or an ambulance. If breathing, give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact SafeCall® International (866) 897-8050 for emergency medical treatment information.

In the state of Florida, it is recommended that the user of this product follow the green industries and Golf Course Best Management Practices found at: http://www.dcp.state.fl.us/water/nonpoint/docs/non-point/dcpnpoint/BMP_Book_Final.pdf and http://www.dcp.state.fl.us/water/nonpoint/docs/non-point/dcpnpoint/BMP_Book_Final.pdf
