

Blue

Spray Pattern Indicator

AgChimp Blue is a concentrated spray pattern indicator for turf treatments of various compatible products. AgChimp Blue allows the applicator to see where you spray, indicates skips and overlaps and improves applicator safety. AgChimp Blue dissipates by UV degradation from sunlight and from moisture.

AgChimp Blue is not for use on food crops. It is not recognized or regulated as a pesticide by the Office of Pesticides and Toxic Substances of the U.S. Environmental Protection Agency according to 40 CFR 180.1001 for use on non-crop vegetation.

DIRECTIONS FOR USE:

For small tanks such as backpack sprayers: add 2 to 3 oz. of AgChimp Blue per 3 to 5 gallons for spot treatment applications. For taller vegetation, higher rates may be needed.

For large tanks: add AgChimp Blue at a rate of 0.25 to 0.5 oz. per 1,000 sq. ft. or 10 to 20 oz. per acre. For taller vegetation, higher rates may be needed.
